Subject: Support for parks and open spaces

Aloha,

I am a longtime resident of West Maui and I support plans for more parks and open spaces for many reasons. The most important is to preserve natural beauty. Also, our parks are our most organized places. The parks present a combination of a healthy gathering spot, and as well as a place that is formally respected by all. Parks are a focal point for our residents in times of recreation, times of need, as well as special occasions for our families. There is too much development and construction on Maui. We have seen during this pandemic that our residents always need parks, but the hotels sit empty like unhallowed walls of concrete.

Mahalo,
Belinda Brooke Fleet
