PLANNING FOR THE FUTURE | DEPARTMENT OF PLANNING

West Maui CPAC

AUGUST 28, 2019 | 5:30-8:30 PM | STAFF PRESENTATION

What is a Goal?

Goals are the **outcome we are trying to achieve** with the community plan. They reflect **aspects of what the community should look and feel like** when we implement the policies and accomplish the action items in the plan.

Example:

“Safe, healthy, livable communities for all.” (Draft West Maui Community Plan, 2019)

CPAC Role: Review the goals.

What is a Policy?

Policies help us get to our goal. They are **standards that the County and the community will uphold** when reviewing projects or making decisions about West Maui.

Example:

“Develop communities that provide sufficient parks, schools, libraries, and other essential public facilities and services to serve resident needs.” (Maui Island Plan, Policy 7.3.2.i)

CPAC Task: Develop policies consistent with the MIP, specific to West Maui.

What is an Action?

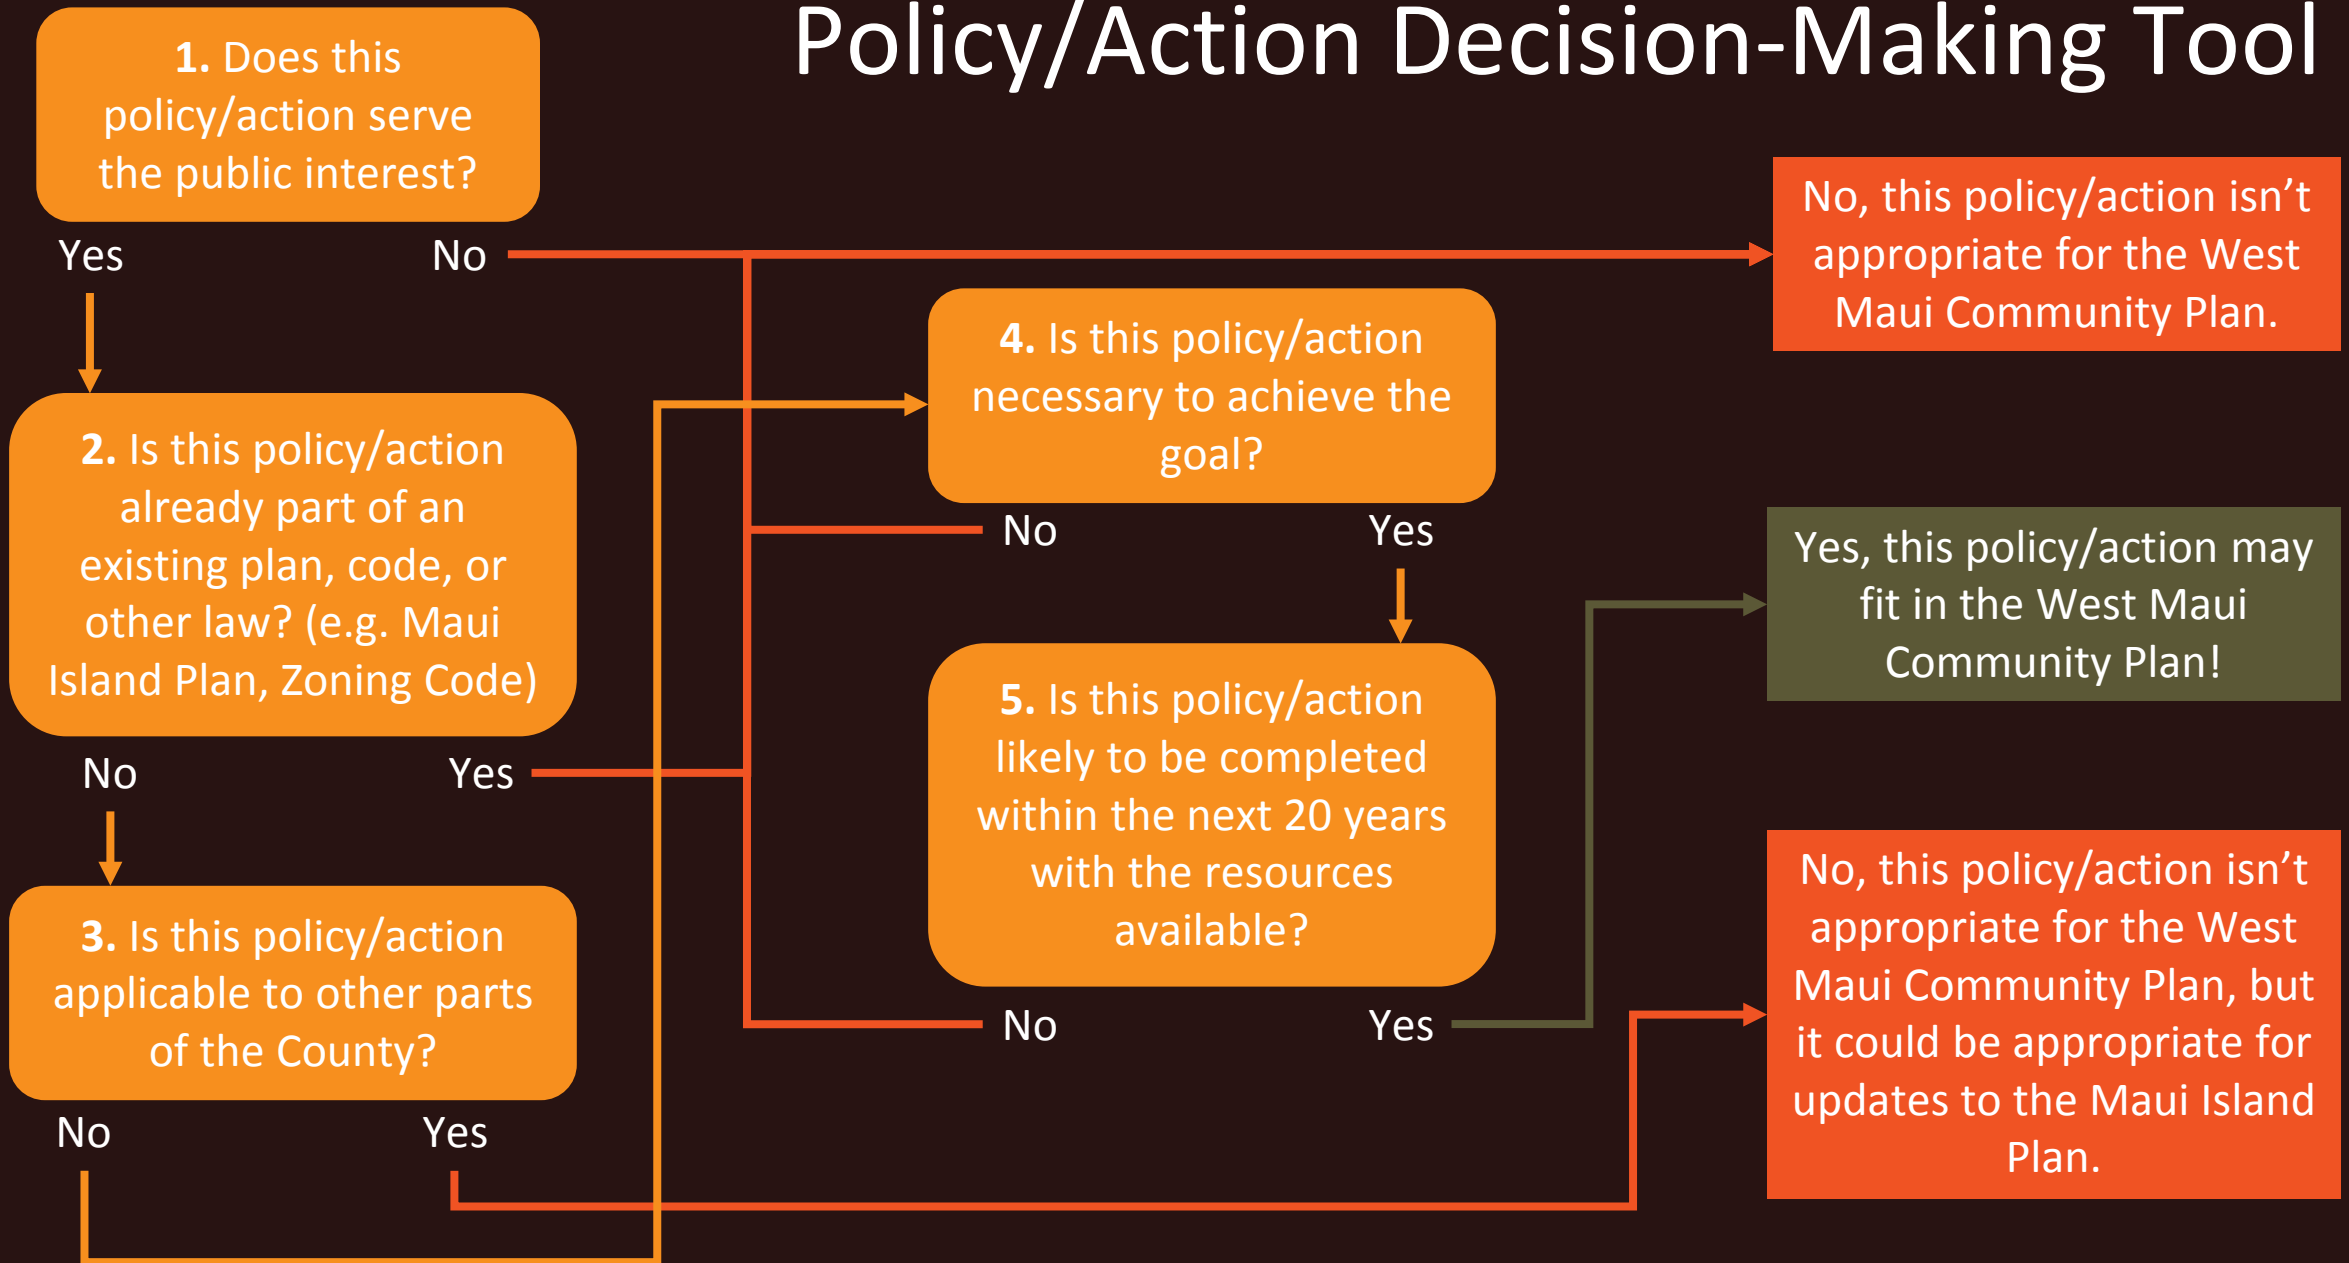

Actions are **tasks** to be **led by a County agency** during the planning period. The action may include other entities in addition to the County. **Actions help achieve the goal, and are specific, measurable and have a timeline.**

Example:

“Revise the zoning ordinance to allow for mixed-use development that is appropriate and in character with the existing community.” (Maui Island Plan, 7.3.2-Action 6, to be completed by the Department of Planning by 2021)

CPAC Task: Develop actions specific to West Maui, with a lead County agency, estimated cost and timelines.
