Your Phone Number: 8,086,676,718  
Meeting Date: February 20  
Agenda Item: housing  
Your Testimony : When planning for additional housing on West Maui, I support "in-fill". That is housing that is adjacent to or within current housing subdivisions. The purpose is to avoid urban sprawl which complicates traffic patterns and interferes with scenic vistas. Housing areas should have easy access to schools, shopping and other basic needs.
